OfficeWare Acquires Print Manage Inc. in Louisville

Purchase Continues OfficeWare's Growth Throughout The Region

LOUISVILLE, KY –September 4, 2010 -- OfficeWare, an award-winning provider of document management and print solutions, announces it is continuing its growth and expansion with the acquisition of Print Manage Inc. in Louisville. Print Manage provides Managed Print Services to businesses and organizations throughout a four state region including Kentucky, Indiana, Ohio, and Tennessee.

The company will retain the Print Manage name as a division of OfficeWare and a transition team will be retained to study best practices between the two organizations. Lisa Tyler, Owner and President of Print Manage, will continue to work with the firm in an executive capacity as Vice-President of Managed Print Services.

Print Manage has served the Kentuckiana area for some 20 years. The company maintains offices in Louisville and Lexington and generates approximately \$4 million in annual revenue. The firm has 18 employees; most will be offered positions under the new structure with OfficeWare.

“Lisa and her husband Mike have done an excellent job of growing Print Manage for over two decades. Their consultative approach is exactly in-line with our marketing and sales efforts,” said Rick Maxwell, CEO of OfficeWare. “They have an extremely loyal clientele and a thorough understanding of Managed Print Services which is the best way for corporations to handle their document and print output. This will be an excellent match as we continue to expand our footprint throughout the region.”

Lisa Tyler added, “This is an extremely positive development for all clients of Print Manage. OfficeWare has an outstanding technical group coupled with an outstanding product line. They believe in our way of doing business which is to analyze a customer’s corporate goals to understand how best to deploy their copying and printing assets to improve productivity. Now we can better serve our customers with the addition of leading edge technologies and services, and an expanded line of products. Clients who have liked us in the past are now going to love us, and enjoy the best of both worlds.”
